Pensacola Junior College's Vocational Certificate Programs for Dual Enrollment

Pursuant to the Statute 240.116, beginning in July 1, 2002, high school students may be dually enrolled in vocational programs. Students must have a 2.0 average, appropriate scores on the Test of Adult Basic Education (TABE), and demonstrate readiness for vocational-level coursework.

Testing for the Dual Enrollment/High School Vocational Program will be conducted at Pensacola Junior College on the Pensacola campus (please refer to the Testing Schedule located on this web site). Students must call to make an appointment for one of the dates indicated on the TABE testing schedule for the school. The authorization form shown below is required from each student when the student comes to test. Additional dates can be scheduled upon request from a high school.

This form must be presented at the Testing Center, Pensacola campus, on the scheduled test date. The form is available from the high school guidance counselor who will sign to verify eligibility.
